Projects undertaken

Tattoo Appointment Booking System.

Description:

A team project involving the development of a web-based tattoo appointment booking system where many users can create and manage appointments for tattoos. Features include: different levels of users; Customer, Artist, Admin, appointment booking, and a gallery of an artist's work that can be updated by the artist.

Challenges Faced:

- Time management: balancing work on the project, assignments and responsibilities with societies and clubs.
- Error handling: errors that would appear during design, development and/or testing.

Technologies & Tools Used:

Play Framework, HTML5, CSS, Java, JavaScript, SQL, and Scala.

2016 – 2017

Stillorgan College of Further Education.

Level 5 Certificate in Creative Media with Animation. Certificate Grade: Merit.

Modules:

Communications (Distinction), Combined Materials (Pass), Painting (Pass), Work Experience (Merit), Radio Programme Production (Merit), Animation (Pass), Animation Layout Design (Pass), Animation Drawing Studies (Pass), Drawing (Pass), Script Writing (Distinction).

HOBBIES

I enjoy writing code, archery, drawing, reading, writing, listening to music, playing guitar, running D&D campaigns and playing video games.

ACHIEVEMENTS

- Thought myself to play guitar to intermediate level for Leaving Certificate Music exam in two years.
- Scored highly in Final Leaving Certificate exams.
- Consistently performed well in modules and exams in TU Dublin Tallaght Campus to date.
- Was accepted to attend Ballyfermot College of Further Education for their Animation course and National College of Art and Design for their Fine Art course.

REFEREES

Available upon request.
